These Terms and Conditions may be supplemented by “Special Instructions” for a specific Company, available on the Company’s website. These terms supersede all prior to or contemporaneous understandings, agreements, negotiations, representations and warranties, and communications, both written and oral. Notwithstanding the foregoing, if a US Government contract number is referenced on the Order, Supplier shall comply with all applicable FARs including the requirement of the defense priorities and allocations system regulations.
(15 CFR 7000) and shall adhere to the Special Instructions relating to Government Contracts, available on the Company’s website. The Company may, in its sole discretion and at any time for any reason, change these Terms and Conditions or any policies, instructions or guidelines. It is the responsibility of the Supplier to review, understand and comply with any Special Instructions and with these Terms and Conditions, which may be updated from time to time and posted on the Company’s website.

2.2 For the avoidance of doubt electronic communications shall be deemed to be made in writing.

2.3 Any other terms that the Supplier specifies will be of no effect without any further action on behalf of the Company, including any terms and conditions contained in any acknowledgment of an Order, or with the delivery of any Goods.

2.4 Supplier’s full or partial performance under an Order will constitute acceptance of all Terms and Conditions contained herein.

3. SYSTEM DOCUMENTS

3.1 Delivery Note: On Delivery, all Goods shall be accompanied by a detailed delivery note stating the Order number, the delivery date and the number of any relevant delivery schedule. The delivery note shall also give identification particulars of any Goods supplied, including the Company’s part number, drawing number and the issue and/or modification letters or numbers where these are known to the Supplier (a “Delivery Note”).

3.2 Invoice: The Invoice shall state the Order number. The part number, the Delivery Note number and the date and number of any relevant delivery schedule shall also be stated, if any have been quoted to the Supplier. Otherwise a sufficiently detailed description to enable the Goods to be identified shall be given (an “Invoice”). Where any charge is made for Value Added Tax (“VAT”), the Invoice shall be in the form as laid down from time to time by H.M. Revenue and Customs for VAT purposes (an “Invoice”).

3.3 Monthly Statement: Any Monthly Statement of account must list Invoices to which it relates and must be sent to the Company at the address shown in these Terms and Conditions of purchase for the attention of “accounts payable” (a “Monthly Statement”).

3.4 Advice Note: On despatch of the Goods or any part of the Goods, the Supplier shall send to the Company by separate post an advice note stating every carrier employed to transport the Goods and all the matters stated on the Delivery Note.

3.5 No document sent by the Supplier will be considered by the Company to be relevant to the Order unless the appropriate Order number is quoted on the document.

4. ORDERS, QUOTATIONS AND FORMATION OF CONTRACTS

4.1 Where the Supplier issues a quotation to the Company for the supply of Goods, that quotation must be consistent with these Terms and Conditions and the Company’s request for a quotation. The Supplier’s quotation will be open for the Company to accept for not less than sixty (60) calendar days.

4.2 When the Supplier receives an Order from the Company placed in accordance with the Supplier’s quotation a Contract will be created. In the case of Orders made electronically, such receipt will be deemed complete at the time the Company submits an Order via email or other means.

4.3 If the Supplier receives an Order without having issued a quotation then the Supplier may accept the Order by:

4.3.1 signing and returning the Order acknowledgement slip no more than ten (10) calendar days from receipt of the Order; or

4.3.2 doing any act consistent with fulfilling the Order.

If the Supplier does this it will create a Contract subject to these Terms and Conditions. For the avoidance of doubt, in the case of Orders made electronically, such acceptance will be deemed complete at the time the Supplier’s authorised user indicates acceptance in writing via email or other means (including other electronic means).

4.4 Where Orders have been made electronically in accordance with Clause 4.2 or 4.3 above, the Supplier will be responsible for ensuring that such Orders are reviewed and acknowledged without unreasonable delay and will send an electronic response each week.

4.5 The Company accepts no liability for orders for Goods that are not placed on an official Order from the Company in accordance with this Clause 4.

5. DELIVERY AND PASSING OF TITLE

5.1 The Supplier shall ensure that the Goods are properly packed and secured in such a manner as to enable them to reach their destination in good condition. No charges for unauthorized transportation will be allowed.

5.2 If the Supplier requires the Company to return any packaging material to the Supplier, that fact is to be clearly stated on the Delivery Note. Any such packaging material shall be returned to the Supplier at the cost of the Supplier.

5.3 Risk in the Goods will pass to the Company at the Delivery Point.

5.4 Unless otherwise set out on the Order, title in the Goods will pass to the Company at the Delivery Point.

5.5 If Delivery of the Goods is delayed in respect of the promise date specified by a Supplier (as amended from time to time by the Company) the Supplier shall pay the Company an amount equal to two and a half percent (2.5%) of the value of the Goods.
which were to be supplied for each complete week of delay up to a maximum of ten percent (10%) of such Goods.

5.6 The Supplier waives any lien which it might otherwise have whether at the time hereof or subsequently on any of the Company’s property following completion of an Order for Goods, provided that this Clause 5.6 shall not be construed as a waiver of any other right of recovery in relation to any charges that may be due to the Supplier for such Goods.

5.7 The Company will notify the Supplier if the Company considers that the Supplier is unlikely to meet the promise date specified by that Supplier (as amended from time to time by the Company). Following receipt of such notice the Supplier must immediately take all necessary steps, at the Supplier’s cost, to remedy the likely delay, expedite the delivery at Supplier’s cost and advise the Company accordingly.

6. CONFORMITY WITH ORDER

6.1 The Supplier warrants that the Goods will be supplied strictly in accordance with the Order.

6.2 If the Company accepts Goods that do not conform to the Order this will not relieve the Supplier of its obligations to correct any such non-conformance and shall not constitute a waiver of the Company’s rights.

6.3 Notwithstanding that the Company may need to instruct changes to the delivery within the lead time, the Supplier will take all necessary actions, both normal and extraordinary to ensure timely deliveries. The Company also reserves the right: (a) to send amended shipping schedules in writing retarding or accelerating the dates of shipments of quantities stated in the Order; and (b) to increase or decrease the quantities to be shipped on various dates, so long as the total quantity designated by this order is unchanged by such action; c) to order an overrun from Supplier not exceeding 5% of the total quantity designated by this order is unchanged by such action; c) to order an overrun from Supplier not exceeding 5% of the total quantity designated by the Order; (d) request changes in the method of shipment and packaging and/or (e) the place of delivery.

6.4 The Supplier shall, upon the Company’s request, temporarily suspend shipment and delivery of any material or equipment and all work and operations hereunder for such period as the Company may request.

7. QUALITY OF GOODS AND RIGHT OF ENTRY AND INSPECTION

7.1 The Supplier warrants that all Goods delivered under an Order will:

   7.1.1 strictly comply and conform with all requirements set out in the Order;
   7.1.2 be of satisfactory quality (within the meaning of the Sale of Goods Act 1979, as amended) and fit for any purpose held out by the Supplier or made known to the Supplier by the Company expressly or by implication, and in this respect the Company relies on the Supplier's skill and judgment;
   7.1.3 where applicable, be free from defects in design, material and workmanship and remain so for Twelve (12) months after Delivery;
   7.1.4 comply with all applicable statutory and regulatory requirements relating to the manufacture, labelling, packaging, storage, handling and delivery of the Goods; and
   7.1.5 not infringe any patent, trade mark, registered design or any other like protection or the provisions of any statute, statutory instrument or regulation in force in any country.

7.2 The Supplier shall not make any changes in the design or composition of any Goods without the Company’s prior written consent.

7.3 For Goods supplied by the Supplier to the Company, the Supplier will inspect and release Goods as directed on an Order.

7.4 The Supplier agrees that the Company, regulators and the Company’s customers shall have the right, at any time, upon reasonable notice, to enter the Supplier’s facilities to inspect the facility, Goods, materials and property of the Company. Any person duly authorised by the Company shall be entitled to remove samples of tools and Goods in process of manufacture and completed Goods. Such inspection shall not constitute or imply acceptance of any Goods or materials.

7.5 If following such inspection or testing the Company considers that the Goods do not conform or are unlikely to conform to the Order in accordance with Clause 6 or comply with the Supplier's undertakings under this Clause 7, the Company shall inform the Supplier and the Supplier shall immediately take such remedial action as is necessary to ensure compliance at no cost to the Company.

7.6 Verification by the Company shall not be used by the Supplier as evidence of effective control of quality by the Supplier and shall not absolve the Supplier of its responsibility to comply fully with its obligations under the Contract, nor shall it preclude subsequent rejection by the Company or the Company’s right to conduct further inspections and tests after the Supplier has carried out remedial action.

7.7 The Supplier must have in force and maintain throughout its performance of the Contract all required, accredited quality assurance systems and will allow the Company, or any representative of the Company, to inspect the Supplier’s quality assurance documents and procedures at any of the Supplier’s premises upon reasonable notice.

7.8 The Supplier will be responsible for confidentiality and protection of all specifications, drawings and other documentation which the Company supplies and which are necessary for the performance of an Order.

7.9 In the event that the Supplier breaches its obligations under this Section 7 or Sections 6 and 10, in addition to the Company’s rights at law or under these Terms and Conditions, the Supplier shall be liable and reimburse for the Company’s value-add to the defective Goods and any reasonable out-of-pocket costs (including but not
limited to Company’s deployment of personnel or other resources to address any defective Good).

8. **PRICE AND PAYMENT**

8.1 The price stated on an Order for any Goods shall be a fixed price inclusive of all duties, levies and taxes in the country of origin of the Goods, excluding VAT or equivalent tax. If no price is stated, it is agreed that price is the lowest prevailing market price.

8.2 Unless otherwise stated in the Order, the price stated on an Order includes the costs of Delivery. The containers and packaging are to be supplied by the Supplier as part of the fixed price stated on the Order. No charge may be made by Supplier for packing unless such charge has been expressly agreed to by the Company in advance.

8.3 Unless otherwise stated in writing, the Company will pay for Goods according to the Contract or for Delivery of Goods (together with all documentation required under the Contract) following receipt of an Invoice. Subject to submission of an acceptable invoice, payment will be made by the Company within sixty (60) days net.

8.4 If a party fails to make payment due to the other under the Contract by the date of payment as set out in Clause 8.3 above, the defaulting party shall pay interest on the overdue amount at the rate of Four Percent (4%) per annum above the Bank of England’s base rate as set from time to time. Such interest shall accrue on a daily basis from the due date of actual payment of the overdue amount, whether before or after judgment. The defaulting party shall pay the interest together with the overdue amount. This clause shall not apply to payments the defaulting party disputes in good faith.

8.5 The Supplier and the Company will jointly pursue cost reduction opportunities whenever possible and will reflect the achievements of such opportunities in price reductions to the Company. Either party may give written notice to the other of a cost reduction proposal at any time, after which the parties shall meet promptly to discuss the proposal, decide together whether the proposal should be implemented, and determine the corresponding decrease in Prices.

8.6 The Parties shall exchange any information necessary to understand and analyse the Supplier’s costs for supplying the Goods.

8.7 Without prejudice to the Company’s other rights and remedies, the Company may deduct from any payments due to the Supplier under any Contract the amount of any bona fide accounts or other claims which the Company may have against the Supplier in connection with that Contract or any other Contract with seven (7) days prior written notification to the Supplier. The Company shall be entitled at any time to set off any amount owing at any time from the Supplier to the Company, whether arising under any Contract or otherwise, against any amount payable to or for Supplier at any time by the Company or any of the Company’s affiliates.

8.8 Any excess Goods which are not accepted by the Company on Delivery (“Excess Goods”) will remain at the Supplier’s own risk and expense and the Company may at any time return the same to the Supplier, at the Supplier’s risk and expense. The Company may notify the Supplier in writing of the price at which it would be willing to accept Excess Goods. Such notice shall not constitute acceptance of such Excess Goods unless the Supplier agrees the price notified (in which case such price shall become the Contract price in respect of such Excess Goods).

8.9 The Company shall have an option, exercisable by written notice served on the Supplier, to pay not more than the balance of the replacement cost for the outright ownership of any materials, samples, jigs, patterns, tooling or any other item essential to the manufacture of the Goods to a design, drawing or specification supplied by the Company (the “Unrecovered Balance”). At the request and cost of the Company, the Supplier shall deliver any such essential item to the Company at such place and time as the Company shall stipulate. Within thirty (30) days of receipt of the option notice, the Supplier will notify the Company of the amount of the Unrecovered Balance and the Company shall within thirty (30) days of such notification pay the amount agreed as the Unrecovered Balance. If such amount is not agreed by the parties, the amount of the Unrecovered Balance is to be determined by an independent Chartered Accountant acting as an expert and selected by the President for the time being of the Institute of Chartered Accountants in England. Without prejudice to the Company’s rights under Clause 9, where outright ownership of any materials, samples, jigs, patterns, tooling or any other item essential to the manufacture of the Goods to a design, drawing or specification supplied by the Company rests with the Company, the Company shall be entitled to collect such items at such place and time as the Company shall stipulate.

8.10 In the event that the Supplier is a “designated source” or “directed-buy” vendor of an original equipment manufacture or end-customer of the Company (collectively, the “End Customer”), the Supplier shall flow down its Terms and Conditions, including but not limited to price, that it has contracted and/or negotiated with the End Customer to the Company. Upon the Company’s reasonable request, the Supplier shall add the Company to its agreement with the End Customer, if applicable, through a Joinder Agreement, Adoption Agreement or addendum thereto. In the event that the Company is subject to or incurs damages, costs, penalties or liabilities from the End Customer due to the actions of the Supplier as a “designated source” or “directed-buy”, Supplier shall indemnify and hold Company harmless for any such damages, costs, penalties or liabilities.

9. **THE COMPANY’S PROPERTY**

9.1 Any items held by the Supplier which the Company has paid for in full or which the Company may have loaned, bailed, consigned or supplied to the Supplier for the execution of an Order will be at the Supplier’s risk until delivered to the
Company. The Supplier shall be fully liable for any loss or damage however caused to such items whilst in its possession.

9.2 The Supplier will retain such items in good condition during performance and after completion of an Order and shall not dispose of such items except in accordance with the Company’s written instructions nor shall such items be used other than for the purpose of such Order without the Company’s prior written consent.

9.3 The Supplier will ensure that such items are at all times identified in accordance with instructions on the Order and do not become the subject of any encumbrance.

9.4 The Supplier will not without the prior written consent of the Company sell, hire, use or otherwise dispose of to or for any other person, any Goods manufactured by the Supplier to the Company’s designs, drawings or specifications or based upon them, or any tooling designed for use in manufacture and the Supplier shall refer to the Company all inquiries received for such Goods or tools.

10. WARRANTY

10.1 The Supplier warrants and assures to the Company that all Goods delivered under a Contract will conform to that Order and will be free from defects in material, workmanship and, where the Supplier has responsibility for design, free from defects in design for a minimum of five (5) years following delivery.

10.2 If Goods do not conform to the requirements set out in Clause 10.1 above ("Non-Conforming Item"), without prejudice to the Company’s other rights and remedies which the Company may have at law, the Supplier will promptly replace or, where appropriate repair or rectify any such Non-Conforming Item at its own expense and reimburse the Company for all proven and reasonable expenses and damages incurred as a result of the Non-Conforming Item and all damages which were suffered by property other than the Non-Conforming Item. If the Supplier fails to promptly repair, rectify or replace any Non-Conforming Item the Company may, without prejudice to its other rights and remedies: (i) choose to keep the Non-Conforming Item and the Company will be entitled to adjust the Order price of such item in a manner that is reasonable under the circumstances; or (ii) rectify the Non-Conforming Item itself, or arrange for such Non-Conforming Item to be rectified. Where the Company rectifies the Non-Conforming Item itself or arranges for the Non-Conforming Item to be rectified the Supplier shall reimburse the Company for all proven costs relating to such rectification and for all damages the Company sustains as a result of the Non-Conforming Item. The Company acknowledges that it has a duty to mitigate its losses.

10.3 Notwithstanding any other provision, in addition to the foregoing, the Supplier shall be liable for the Company’s actual costs, expenses and damages related to or arising from the Goods not conforming to the Warranty, Sections 6 and 7 hereunder, including without limitation, labor and other costs related to transportation of Goods, expediting, removal, disassembly, failure analysis, fault isolation, assembly, reinstallation, reinspection, retrofit and any and all other such correction action costs incurred by the Company.

10.4 The Supplier shall, if so requested by the Company, defend or assist the defence of the Company against any direct or indirect liability claim proceedings, loss or damage (including any liability or loss incurred by the Company resulting from the failure of, or stoppage of, or interference with the production or manufacture of any equipment, Goods or stock) caused by any Non-Conforming Items, or arising out of or caused by any other breach by the Supplier of these Terms and Conditions. The Supplier shall, if so requested by the Company, accept as final and binding the decision of any court in relation to such liability, claim, proceedings, loss or damage.

11. REMEDIES

11.1 If Delivery of the Goods is not made by the Supplier on the promised delivery date, or the Supplier does not comply with Clauses 6, 7 and/or 10 of these Terms and Conditions then, without limiting any of its other rights or remedies, the Company shall have the right to any one or more of the following remedies, whether or not it has accepted the Goods:

11.1.1 terminate the Order (in whole or in part);
11.1.2 reject the Goods and return them to the Supplier at the Supplier's own risk and expense;
11.1.3 if necessary to maintain production, rework the Goods at Supplier’s cost;
11.1.4 require the Supplier to repair or replace the rejected Goods, or to provide a full refund of the price of the rejected Goods;
11.1.5 refuse to accept any subsequent delivery of Goods which the Supplier attempts to make;
11.1.6 recover from the Supplier any costs incurred by the Company in obtaining substitute Goods from a third party; and
11.1.7 claim damages for any other costs, losses or expenses, including manufacturing costs, loss of profits, or other special damages incurred by the Company which are attributable to the Supplier’s failure to carry out its obligation under the Contract.

11.2 These Terms and Conditions shall apply to any repaired or replacement Goods supplied by the Supplier.

11.3 The Company’s rights and remedies under these Terms and Conditions are in addition to its rights and remedies implied by statute and common law.

12. TERMINATION AND DURATION

12.1 Termination for Convenience. Without prejudice to any of the Company’s
rights and remedies, the Company may terminate an Order in whole or in part at any
time by giving the Supplier notice in writing, identified as a notice of termination, 
whereupon all work on that Order shall cease.

12.2 The Company will pay the Supplier, in full and final satisfaction of all 
claims arising out of such termination:

12.2.1 the cost of all Goods which the Supplier has justifiably produced
and completed in accordance with such terminated Order or part thereof and
which the Company has not paid for;

12.2.2 the cost of settling any claims for necessary termination of sub-
contracts justifiably committed in respect of such terminated Order or part
thereof provided the Supplier has included in such sub-contracts a
termination for convenience clause in substantially the same terms as this
Clause 12.2; and

12.2.3 the cost to the Supplier of any justified work-in-progress in respect
of such Order or part thereof.

12.3 The Supplier will give the Company every assistance to ascertain the extent
of such work-in-progress. The amount payable to the Supplier under this Clause 12
will not exceed the total amount that would have been payable to the Supplier for the
Goods or Work and the Supplier will submit notice of its claim within two (2)
months of termination. Any finished Goods and any work-in-progress paid for by the
Company under this Clause 12 will be delivered to the Company or held by the
Supplier as the Company property in accordance with Clause 9 above.

12.4 If the Company’s termination in accordance with Clause 12.1 above is the
result of the Company’s customer terminating its contract with the Company then
payment to the Supplier in full and final satisfaction of any such termination shall be
the proportion of the contract value equal to the proportion the Company receives
from its customer if any.

12.5 If the Company has reasonable grounds for believing the Supplier will be
unable to substantially fulfil its obligations, the Company may require the Supplier
to provide reasonable written evidence that the Supplier will fulfil its obligations. If the
Supplier fails to provide such evidence within thirty (30) days of the Company’s
request the Company may treat that failure as a material breach and terminate the
relevant Order.

12.6 Termination for Cause. The Company will have the right, without prejudice
to its other rights and remedies, to terminate any Order without incurring any
liability, if the Supplier:

12.6.1 makes a general arrangement with its creditors;

12.6.2 ceases or threatens to cease to carry on its business or a substantial
part of it or is unable to pay its debts within the meaning of Section 123 of
the Insolvency Act 1986 or any statutory modification or re-enactment
thereof;

12.6.3 enters into liquidation whether compulsory or voluntary, except as
a solvent company for the purposes of amalgamation or reconstruction;

12.6.4 has an administrator or administrative receiver of the whole or part
of its assets appointed;

12.6.5 commits any material breach of any of its obligations under these
Terms and Conditions or the Order which it fails to rectify within fourteen
(14) days of written notice of that breach (no notice period shall apply for a
breach of delivery items or a violation of Clauses 17 and 18);

12.6.6 carries out or becomes subject to actions or proceedings, which,
within the jurisdiction to which it is subject, are similar in nature or effect to
those specified in Clause 12.6.1 and 12.6.2 above; or

12.6.7 violates Clauses 17 and 18.

12.7 The Company will effect termination under this Clause 12 by issuing notice
of termination in writing to the Supplier. For the purpose of this Clause 12.7, such
notice will be effective twenty four (24) hours after it is issued or on receipt
whichever is the earlier; provided however, it shall not apply for termination under
Clause 12.6.7, which shall take immediate effect.

12.8 These Terms and Conditions shall remain in force until the later of: (i) a
period of fifteen (15) years from the date of the relevant Order; or (ii) discharge by
the Supplier of all obligations under these Terms and Conditions and any Order
placed hereunder.

13. SUPPLY OF ASSISTANCE, SUGGESTIONS AND OPINIONS

13.1 The Company’s personnel may from time to time render assistance and/or
give suggestions and/or opinions to, or effect an exchange of, information with the
Supplier’s personnel concerning the Goods to be furnished under an Order
(“Assistance”). However such Assistance shall not grant the Supplier authority to
change the relevant Goods or any provisions of an Order or these Terms and
Conditions, nor shall such Assistance constitute a change binding upon the Company
unless issued as an amendment to these Terms and Conditions and the Supplier shall
be responsible for the use of any such Assistance. In all cases, and as acknowledged
by the Supplier, the Company is relying upon the Supplier’s knowledge and
expertise in performing all work regarding the Goods to be furnished under an Order.

13.2 Any personnel that the Supplier provides to carry out any work in
connection with the supply of the Goods will at all times continue to be employed by
the Supplier. The Supplier will ensure that any such personnel will, whilst on the
Company’s premises, comply with the Company’s standard Supplier security and
health and safety requirements as applicable for such premises, copies of which are
available on request.

14. LIABILITY AND INSURANCE
14.1 The Supplier at all times during and after performance of the Contract shall indemnify and, if so requested by the Company, the Company’s customers, the Company’s insurers and Company’s affiliates and their respective employees, agents, officers, and directors for and from all suits, claims, judgments, awards, losses, damages, costs or expenses (including without limitation, attorneys’ fees) relating to, arising out of or caused by the Supplier’s performance hereunder, any act or omission of Supplier or any Goods or services. Supplier’s indemnification obligation hereunder covers, without limitation, injuries, sickness, disease (including, without limitation, occupational diseases whenever occurring) or death of Suppliers’ employees.

14.2 Without limiting any of Supplier’s obligations hereunder, Supplier agrees to secure and carry as a minimum the following insurance with respect to all work to be performed under the Order for the duration of the Order: (i) Workers’ Compensation Insurance, inclusive of an alternate employer endorsement, in an amount sufficient by virtue of the laws of the U.S., foreign country, state, or other governmental subdivision in which the work or any portion of the work is performed and Employer’s Liability Insurance in the minimum amount of $1,000,000 (or the equivalent in sterling) for any one occurrence; (ii) Commercial General Liability Insurance including, without limitation, Premises Liability and contractual Liability, in which the limit of liability for property damage and bodily injuries, including, without limitation, accidental death, shall be at a minimum, a combined single limit of $5,000,000 (or the equivalent in sterling) for any one occurrence; (iii) if Supplier vehicles are used on the Company’s premises and/or used to accomplish work under the Order or otherwise on behalf of the Company, Automobile Liability Insurance in which the limit of liability for property damage and bodily injuries, including, without limitation, accidental death, shall be at a minimum, a combined single limit of $5,000,000 (or the equivalent in sterling) for any one occurrence; (iv) if Supplier or its subcontractors have the Company’s materials or equipment in its care, custody or control, Supplier shall have and maintain All-Risk Property Insurance in an amount sufficient to meet or exceed the value of such material; and (v) if Supplier is performing professional services on behalf of the Company, Supplier shall maintain Professional Liability Insurance with a limit of no less than $5,000,000 (or the equivalent in sterling).

14.3 All such insurance shall be issued by companies authorized to do business under the laws of each state or jurisdiction in which all or part of the Services are to be performed, and must have an AM Best financial rating of A- or better or an equivalent rating as produced by another rating agency acceptable to the Company.

14.4 The insurance policies required under this Section 14 shall be in form satisfactory to the Company, and shall contain a provision prohibiting cancellation or material change except upon at least ten (10) days’ (seven (7) days in the case of War Risks Insurance) prior notice to the Company. All such insurance policies will be primary in the event of a loss arising out of the Supplier’s performance of work and provide that where there is more than one insured the policy will operate, except for the limits of liability, as if there were a separate policy covering each insured and shall operate without right of contribution from any other insurance carrier by the Company. Certificates evidencing such insurance and endorsements naming the Company as an additional insured or, in the case of All Risk Property Insurance, naming the Company as a loss payee, shall be filed with the Company upon execution of the Order and before commencement of any work hereunder, and within thirty (30) days after any renewals or changes to such policies are issued. To the extent permitted by law, Supplier and its insurer(s) agree that subrogation rights against the Company are hereby waived; such waiver shall be reflected on the insurance certificate. Supplier shall, if requested by the Company, advise the Company of the amount of available policy limits and the amounts of any self-insured retention.

14.5 Supplier shall require its subcontractors to maintain insurance in the amounts and types required by this Section 21.

15. DEVELOPMENT WORK

15.1 If the manufacture of Goods involves research or development that is specifically funded by the Company then all intellectual property rights in the results thereof will vest in the Company.

15.2 All designs, drawings, processes and developments by the Company and all intellectual property rights, copyrights and other proprietary rights (including know-how) supplied by the Company under these Terms and Conditions and/or any Order shall remain the sole and undivided property of the Company.

15.3 The designs, drawings, processes and developments by the Supplier and all intellectual property rights, copyrights and other proprietary rights (including know-how) arising in connection with the Supplier’s performance under these Terms and Conditions or an Order are generated by the Supplier in the sole and undivided interest of the Company and are fully compensated by the price paid for Goods under any Order and all intellectual property rights in the results thereof will vest in the Company.

15.4 The Supplier shall use such intellectual property only for the purposes of performing its obligations under these Terms and Conditions and/or any Order.

15.5 The Supplier shall and shall require its employees to sign all papers and do such acts as are reasonably necessary for the Company to pursue formal protection of any anticipated intellectual property rights.
